GURPRITSINGH GILL

A leader who actively participates and guides our programs

Gurpritsingh Gill is a successful entrepreneur and philanthropist who has dedicated his life to giving back to the community since last 16 years. He has always been passionate about making a positive impact on the world, and has used his success to support various charitable causes. He is the founder of the Sneha Foundation, which focuses on providing education and health-program to underprivileged children and women. He also appointed as counselor by Gujarat High Court.

Gurpritsingh Gill's motivation by his mother Shree Maltiben J Gill, for his philanthropy is to provide opportunities for people to better their lives and to help make the world a better place for future generations.

We have seen remarkable progress since the inception of our learning center, going from supporting one child in ending child labor to positively impacting the lives of over 500 children annually. Initially, many of the children were resistant to attending school as they were forced to work for their livelihoods. However, as we provided support to their families through food assistance, more and more children began to attend the center. Over time, both children and parents came to understand the importance and benefits of education offered at our center.

Our efforts to empower women have included educating them on health and hygiene, as well as providing resources such as sanitary pads to protect against preventable illnesses. Our programs have also focused on financial literacy, teaching women about banking and savings for the future. Additionally, we have provided vocational training opportunities to help women gain the skills and means to support themselves and their families.

The journey towards improving the lives of those living in slums, particularly children and women, is ongoing for Sneha Foundation and its founder. Through building a strong educational foundation and promoting healthy lifestyles, we strive to bring about positive change in the community. This mission has been made possible through the support of individuals and corporations who share our vision. Our ultimate goal is to create a society where all individuals can live with dignity and respect.

SNEHA FOUNDATION

Program Name:	**Shiksha Thi Sanskar**
Program Location:	**Khedutvas Bhavnagar**
Program Started:	**2008**
Purpose:	**To provide educational support to slum dwellers**
Beneficiaries:	**Deprived children**
Project Status:	**Ongoing Program**

ABOUT THE PROGRAM:

The Siksha thi sanskar initiative aims to support the holistic development of children aged 4 to 18 years, residing near Khedutvas and slums of Bhavnagar. It provides additional education, cultural awareness, and vocational training to empower these children and the women in the community to lead self-sufficient and dignified lives.

CHALLENGES AROUND:

As you read this, many children living in slums struggle to access education and have limited opportunities for learning. They often have to work to provide for themselves and their families, and lack access to basic healthcare. The cost of school supplies like books and paper is prohibitively expensive, and they may not have access to additional materials or resources to practice their reading and writing. They miss out on the benefits of a full education, as regular school is not enough for them and they lack exposure to society.

SNEHA FOUNDATION

OUR SOLUTION:

Sneha Foundation is dedicated to helping families living in poverty by providing food kits and regular medical check-ups for children. We also offer educational resources, such as education kits and a library with books and references, to help children make the most of their learning opportunities. We host special celebrations and organize study trips to places of cultural and historical significance to support the overall development of children. We welcome visitors to join us in this noble cause of serving society.

IMPACT:

Since the inception children learn develop their skills and join the further study. Now started working in various companies and earning and living with dignity.

N.P.Mehta Primary School

Program Name:
Program Location: Gujarat
Program Started: 2024
Purpose: To provide quality School education to children of economically challenged family
Beneficiaries: Underprivileged Children
Project Status: On going

ABOUT THE PROGRAM:

The N.P. Mehta Primary School, established by the Sneha Foundation, is a beacon of hope for children from economically disadvantaged families in the area. With a mission to provide quality education, the school offers a nurturing environment where children can learn and grow. Beyond academics, the program emphasizes holistic development by providing essential facilities such as nutritious meals, learning materials, and extracurricular activities, ensuring that students have the resources they need to succeed. By

CHALLENGES AROUND:

Starting a school in this area faced challenges like widespread child labor, parents' lack of education, and financial hardships that left families unable to afford fees. Many parents were unaware of the value of education, especially for girls, and societal norms often prioritized work over learning. Overcoming these barriers required building trust, raising awareness, and ensuring free, accessible education to give children a chance at a better future.

SNEHA FOUNDATION

OUR SOLUTION:

To address these challenges, we have decided to start a school that provides quality education and comprehensive support for children in the community. Our aim is to offer free schooling along with necessary resources, such as books, uniforms, and meals, to ensure that no child is held back due to financial or social barriers. By creating a nurturing environment and engaging with parents to emphasize the importance of education, we hope to help children continue their educational journey and build a brighter future.

IMPACT:

In the first year, over 300 children enrolled, reflecting the community's eagerness for education. Many more are ready to join, highlighting the program's potential to transform lives and provide essential support.

SNEHA FOUNDATION

Program Name:	**Adolescents awareness and support Center**
Program location:	**Sneha Foundation Learning Center**
Program started:	
Purpose:	**Prepare to Changes and Challenges during adolescents stages**
Beneficiaries:	**Children below 18 year**
Project status:	**ongoing Project**

ABOUT THE PROGRAM:

Adolescence is a vital period that connects childhood and adulthood, characterized by profound changes in physical, psychological, and social aspects. To ensure that adolescents are equipped with the necessary information about this transition, Sneha Foundation has launched an Adolescence Education and Support program. This program includes seminars and training sessions on the POCSO Act provided by the Gujarat High Court to provide authentic and reliable information to adolescents.

CHALLENGES AROUND:

Discussing and educating about sexual education can be a delicate topic, even in well-educated families. However, working in slums to educate children and parents about these changes poses an even greater challenge.

OUR SOLUTION:

To address this issue, we initiated small awareness campaigns and educational seminars on various changes and coping strategies. Our efforts have been successful as not only children but also parents participated and understood the needs of their children.

IMPACT:

By participating in our programs, children have gained a deeper understanding of their physical and emotional changes and have been able to successfully navigate daily challenges. They have also been empowered to report any issues they may encounter, which has led to both problem-solving and prevention. Our team has not only grown but has also been recognized by the Gujarat High Court as promoters of the POCSO Act. We take pride in not only raising awareness but also playing a role in preventing sexual offenses that occur in society today.

SNEHA FOUNDATION

Program Name:	**Sneh Kaushaly**
Program Location:	**Sneha Foundation, Learning Center**
Program Started:	**2010**
Purpose:	**Cultural handover and skill development**
Beneficiaries:	**Children of deprive family**
Project Status:	**Ongoing Program**

ABOUT THE PROGRAM:

In Khedutvas, children often miss out on the chance to develop new life skills through hands-on art and craft experiences. The Sneha Foundation aims to provide these opportunities by encouraging children to learn and participate in competitions, fostering a unique way of learning.

CHALLENGES AROUND:

The main hurdle faced is that children can hardly afford education, let alone additional expenses for art and craft activities. Additionally, specialized education often necessitates hands-on support during the learning process.

OUR SOLUTION:

Our organization initiated special learning sessions for these children, providing them a space to learn and express their creativity through craft-making. This has brought a sense of joy and accomplishment to the children's lives.

IMPACT:

Life is full of difficulties and many art and craft activities can aid in addressing them both financially and emotionally. Through our program, many children have begun creating eco-friendly Ganesha figurines and paintings, which has helped them to reduce stress and improve their focus in life.

SNEHA FOUNDATION

Program name:	**Arogya Setu**
Program location:	**Sneha Foundation Khedutvas Bhavangar**
Program started:	**July 2017**
Purpose:	**To provide regular check-ups and seminar-based awareness programs.**
Beneficiaries:	**People living in Khedutvas, Bhavnagar**
Project status:	**Ongoing Project**

ABOUT THE PROGRAM:

Our program aims to assist families who may not be aware of early symptoms or neglect life-threatening disease signs due to financial constraints. We have observed that early awareness can prevent further deterioration of the condition. Our efforts include providing free medical camps and medication to bridge this gap.

CHALLENGES AROUND:

It is common for these individuals to avoid seeking treatment for early stage physical pain, due to lack of knowledge and resources to educate themselves about serious illnesses and symptoms of life-threatening diseases.

A Dream for Everyone

SNEHA FOUNDATION

OUR SOLUTION:

Sneha Foundation began providing free generic medicine and conducting regular medical camps and seminars on various health-related topics to reach out to these families. These seminars bring people from the community together and create an open forum for them to share their struggles. Our free medication and consultation services help to address these issues in the early stages, saving both time and resources.

IMPACT:

The Arogy Setu program has so far benefited 4,665 people, who have received free medication and consultation on various health-related issues. With support, we can reach even more individuals and create a healthier society. Addressing the cycle of poverty through this effort, healthy families become more productive and lead to happier lives.

SNEHA FOUNDATION

Program name:	**MAA ANNAPURNA PROGRAM**
Program location:	**SNEHA FOUNDATION CENTER**
Program started:	**2013**
Purpose:	**Food support to stop child labour and people facing financial hardship**
Beneficiaries:	**People of Khedutvas Bhavnagar**
Project status:	**Ongoing Project**

ABOUT THE PROGRAM:

The Ma Annapurna initiative of Sneha Foundation distributes food kits to families who are struggling due to the absence of a primary income earner or facing a severe health condition. Furthermore, these food kits also support children to avoid child labor and prioritize their education.

CHALLENGES AROUND:

Children are the vulnerable condition due to poor health of bread winner of family. Simply leave their schools and learning center. To identify them is difficult as they do not mention or depict the situation.

SNEHA FOUNDATION

OUR SOLUTION:

Our monitoring and assessment system enables us to establish close connections with children and their families. We make every effort to track their attendance and health records, which sometimes alert us to potential issues. Once we are aware of any such situations, we actively work to support the child and provide the best assistance possible.

IMPACT:

Initially, 375 families received food packages, and now on a regular basis, more than 50 food packages are distributed to support families who might have forced their children into child labor if they had not received food assistance.

Program name:	**Government Support Suggest Center**
Program location:	**Sneha Foundation learning center**
Program started:	**2013**
Purpose:	**To educate and aware poor people**
Beneficiaries:	**People of Khedutvas Bhavnagar**
Project status:	**Ongoing Project**

ABOUT THE PROGRAM:

The Sneha Foundation discovered that residents of Khedutvas are uninformed about the various government benefits that have been announced. Low levels of education and limited access to information has resulted in minimal utilization of these benefits.

CHALLENGES AROUND:

The major obstacle was that the population was illiterate and unable to comprehend or complete the complex paperwork. They also lacked knowledge of which government department to approach for assistance.

OUR SOLUTION:

In order to address this issue, we initiated regular informative seminars on various topics which not only inform the population about government policies but also assist them in accessing and utilizing the benefits.

IMPACT:

To date, the Sneha Foundation has assisted 455 families in accessing these benefits. We are continuously working to assist more people in accessing government aid, thereby preventing them from resorting to loan sharks and avoiding falling into poverty and improving their overall quality of life.

SNEHA FOUNDATION

Program name:	**Happy to Help**
Program location:	**Gujarat**
Program started:	**2015**
Purpose:	**eliminate the impact of social & natural disaster**
Beneficiaries:	**vulnerable population of affected area**
Project status:	**As when arise**

ABOUT THE PROGRAM:

Our "Happy to Help" initiative encompasses various actions that address immediate needs. Our program includes providing free medication, food supply, and celebrating special events in the community on national festivals.

CHALLENGES AROUND:

Sudden accidents and disasters can cause immense trauma for the affected community. The priority of Sneha foundation is to provide support and assistance to the victims.

OUR SOLUTION:

Recognizing the needs of the community and providing special resources and assistance to victims of disasters and accidents is a regular practice for the Sneha Foundation. Additionally, the team members are dedicated to researching and learning in order to be better equipped to face and overcome such challenges.

IMPACT:

Sneha Foundation provides support to families impacted by natural disasters and epidemics like floods, earthquakes, and the corona virus pandemic. We aim to help these families overcome the worst effects of these events. Our services have been recognized and supported by government bodies, and we strive to make a positive impact on society
